TOWN OF WHITEFIELD

Policy for Commercial Sewer Connections

1. **Purpose.** The Board of Selectmen of the Town of Whitefield has determined that the following policy is necessary and desirable for the proper and efficient operation of the Whitefield municipal sewer system in accordance with the Municipal Sewer System Ordinance 84-2

2. **Authority.** RSA 149-I:7; Town of Whitefield Municipal Sewer System Ordinance 84-2, as amended, Article II, Rules and Regulations; Article IV, Section 5, Building Sewers and Connections; and Article VI, Powers of Assessment and Collection.

3. **Policy:**

A. Each owner of an improved property may establish the number of municipal sewer connections that owner may require, subject to such limitations and restrictions as shall be established in the municipal Sewer System Ordinance or shall otherwise be established by the Town from time-to-time. The number of connections shall be subject to the approval of the Town at the time of permit application.

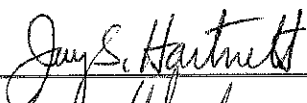

B. The owner of each improved property who connects the improved property to the municipal sewer shall pay the Town's municipal sewer hookup fee (or tapping fee), which shall be established by the Town from time to time for each connection. Each hookup fee shall be paid at time of application for a domestic and/or industrial permit and the fee shall be non-refundable for all approved connections.

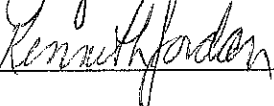

C. The domestic and/or industrial permits issued for connection with the municipal sewer shall expire if no connection to the municipal sewer is made within five (5) years and shall become void. The owner of an improved property who holds an expired permit shall have no authority to connect to the municipal sewer system and shall reapply for a permit and pay the applicable hookup fee in order to connect with the municipal sewer.

D. A permit for a connection or connection to the municipal sewer shall be non-transferable.

This policy was adopted by the Board of Selectmen on November 20th, 2006
And was amended from Municipal to "Commercial" on March 12, 2007
