

**Mixed Paper consists of clean and dry:**

Junk mail  
Magazines  
Phonebooks  
Paperback Books  
Hardcover Books (w/covers removed)  
Office Paper/School Papers  
Shredded Paper

NO Newspaper  
NO Corrugated Cardboard

**Whitefield's current mixed commodity shipped in one trailer to Office Paper Recovery in Wilmington MA:**

Baled OCC/Cardboard – clean and dry corrugated cardboard only – no chipboard i.e. cereal boxes/soda cartons, no waxed cardboard

Loose Newspaper in Gaylords/on Pallets – clean and dry newspaper only – inserts are ok to include

Loose Mixed Paper in Gaylords/on Pallets without food/cereal boxes\* (see above)

\*at this time, these are kept out of mixed paper due to the sheer volume they take up in the mixed paper gaylords and staffing needed to check material for contaminants

**NOTE:** soda & beer cartons, frozen food and pizza boxes are not acceptable in mixed paper (whether loose or baled)

#1 PET Baled (see attached spec from TABB as reference)

#2 HDPE Natural Baled (see attached spec from TABB as reference)

#2 HDPE MC Baled (see attached spec from TABB as reference)
